

# Lifeguard Toilet Descaler

**Toilet descaler.**

## Description

Hydrochloric Acid based Heavy Duty Toilet Descaler with Neutrafresh odour neutraliser.

## Key properties

**Lifeguard Toilet Descaler** is a tough, thickened acid toilet cleaner specially formulated to remove really stubborn limescale and stains.

**Lifeguard Toilet Descaler** is ideal for use in WC's and urinals, but must not be used on stainless steel, brass, aluminium, copper, enamel, plastic or chrome plated surfaces.

**Lifeguard Toilet Descaler's** powerful germ-killing properties make complete toilet disinfection easy. It kills common washroom bacteria which can cause food poisoning and gastric disorders.

The Neutrafresh molecules combine with and trap the nitrogen and sulphur compounds in the malodour. Remaining Neutrafresh molecules create a fresh, long-lasting fragrance, providing a constant reminder that surfaces are clean and safe.

## Benefits

- Removes heavy limescale, rust marks and uric acid stains.
- Ideal for use where heavy limescale and hard water is a problem.
- Neutrafresh technology neutralises unpleasant odours.
- Thickened formula for extra cling.
- Descales, cleans and disinfects.
- Suitable as toilet renovator and descaler.
- Kills all known toilet germs.

## Use instructions

### FOR TOILET BOWLS AND URINALS:

### DO NOT USE ON STAINLESS STEEL, CHROME PLATED, ENAMEL OR PLASTIC SURFACES.

1. Protect hands with suitable gloves.
2. Flush the toilet and reduce the water level by forcing the water around the S-bend with the toilet brush. Check that the waste outlet is clear on urinals, if applicable.
3. Direct the nozzle under the toilet bowl rim and evenly over the entire surface of the toilet or nozzle.
4. Leave for 5 minutes to allow the acidic formula to work effectively and to kill germs.
5. Brush the toilet bowl or urinal paying particular attention to cleaning the toilet bowl rim and below the water line.
6. Flush the toilet. Leave the urinal to flush automatically. Rinse brush after use.

## Lifeguard Toilet Descaler

### Technical data

Appearance:	Clear blue liquid
pH:	1 – 2
Specific gravity:	1.05
Shelf life:	18 months
Dilution:	Ready to use

The above data is typical of normal production and should not be taken as a specification.

### Safe handling and storage information

Store in original closed containers away from extreme temperatures.

Avoid contact with skin and eyes. Do not mix with any other chemicals other than as advised by your Diversey representative.

Full guidance on the handling and disposal of this product is provided in a separate Material Safety Data Sheet.

### Product compatibility

**DO NOT USE ON STAINLESS STEEL, CHROME PLATED, ENAMEL OR PLASTIC SURFACES**

Safe to use on all other toilet and urinal surfaces.

### Available pack sizes

1 litre polyethylene squeeze bottles

Product code: 7511504

12 x 1 litre

Cases per layer: 14

Cases per pallet: 42
