

B 22 S

1. Identification of the mixture and of the company

1.1. Product identifier

B 22 S

1.2. Relevant identified uses of the mixture and uses advised against

Rinse additives for commercial, machine use

1.3. Details of the supplier who has provided the safety data sheet

Germany: Winterhalter Ltd, Winterhalter House, Roebuck Way, Knowlhill, MK5 8WH

Milton Keynes

Phone: +44 (0) 1908 / 359000, Fax: +44 (0) 1908 / 359060

E-mail: info@winterhalter.co.uk

1.4. Emergency telephone number

Product is registered at the National Poisons Centre, Birmingham:

Phone: +44 (0) 845 46 47

2. Hazards Identification

2.1. Classification of the mixture

Classification according to EC 1272/2008 (CLP)

Physical and Chemical Hazards	Not classified
Human health	Not classified
Environment	Not classified

Classification according to EC 67/548 or EC 1999/45

Not classified.

2.2. Classification according to EC 1272/2008 (CLP) Label elements

Not classified.

Hazard Statements:

Precautionary Statements:

P 102	Keep out of reach of children.
P 280a	Wear protective gloves.
P 280c	Wear eye protection.
P 301+312	IF SWALLOWED: Call a poison center or doctor/ physician if you feel unwell.
P 302+352	IF ON SKIN: Wash with plenty of soap and water.
P 305+351+338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
P332 + 313	If skin irritation occurs: Get medical advice/attention.
P337 + 313	If eye irritation persists: Get medical advice/attention. Dispose of contents/containers as normal waste.
EUH210	Safety data sheet available on request.

2.3. Other hazards

The product does not contain any substances which are identified as persistent, bioaccumulative and toxic (PBTs) or very persistent and very bioaccumulative (vPvBs) according to 1907/2006/EC, annex XIII.

B 22 S

3. Composition/information on ingredients

3.1. Substances

This product is a mixture.

3.2. Mixtures

Hazardous ingredients:	Description	%	Classification according to regulation (EC) No. 1272/2008	Classification according to the directive 67/548/EEC	Acute toxicity
CAS: EINECS:	Fatty Alcohol Ethoxylate Polymer	10-30	Skin Irrit.2; Eye Irrit.2; H 315; H 319;	Xi; R 36/38	
CAS:67-63-0 EINECS:200-661-7	Propan-2-ol	5-10	Flam.Liq.2; Eye Irrit.2; STOT Single 3; H 225; H 319; H 336;	F;Xi; R 11 R 36 R 67	

Note: These risk characteristics relate to the properties of the pure ingredients. For the labelling of the preparation (product), see section 2. You will find the full text of the R-phrases and hazard statements in section 16.

4. First aid measures

4.1. Description of first aid measures

Remove contaminated clothing immediately. If health problems arise, seek medical advice immediately. Remove victim immediately from source of exposure.

After inhalation: If used as intended, exposure by inhalation is not expected.

After contact with the skin: Wash off with soap and water and rinse well. Take off any pieces of clothing that have been contaminated by the product.

After contact with the eyes: In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.

After swallowing: Wash out mouth and drink plenty of water. Do not induce vomiting. Seek medical advice immediately and show package or label.

4.2. Most important symptoms and effects, both acute and delayed

If in doubt or if health problems arise, seek medical advice immediately.

4.3. Indication of any immediate medical attention and special treatment needed

None

5. Fire-fighting measures

5.1. Extinguishing media

Suitable: Water jet, alcohol resistant foam, extinguishing powder, carbon dioxide.

Unsuitable: none known

5.2. Particular dangers arising from the mixture

None known.

B 22 S

5.3. Notes for fighting fires

The product is not flammable. Select fire-fighting media appropriate for surrounding materials. Use self-contained breathing apparatus. Wear chemical protective clothing.

6. Accidental release measures

6.1. Personal precautions, protective equipment and procedures to be used in cases of emergency

Avoid contact with skin and eyes. Wear personal protective equipment (see section 8).

6.2. Environmental precautions

Do not allow to get into the drainage system, surface water, ground water or ground.

6.3. Methods and material for retention and cleaning

Pick up using a mechanical aid and bring to suitable containers for disposal.

Handle the material collected as per section Disposal. Stop leak if possible without risk. Flush with plenty of water to clean spillage area.

6.4. Reference to other sections

Observe notes and protective measures in sections 7 and 8.

7. Handling and storage

7.1. Precautions for safe handling

Avoid contact with skin and eyes. Do not mix with other products. Do not eat, drink or smoke in areas where work is being performed. Wash hands after use. Remove contaminated clothing and protective equipment before entering eating areas. Ensure good room ventilation; avoid dust accumulation.

7.2. Conditions for safe storage, taking incompatibilities into account

Protect the product from moisture; store in original containers.

Keep containers tightly closed. Store in a dark, cool, well-ventilated place. Keep away from acids. Follow local regulations for storage for hazardous/corrosive substances.

7.3. Specific end application

See section 1.2.

8. Exposure controls/personal protective equipment

8.1. Control parameters

Ingredients	STD	TWA - 8 Hrs (mg/m ³)	TWA - 8 Hrs (mg/m ³)	STEL-15 Min (mg/m ³)	STEL-15 Min (ppm)
Propan-2-ol	WEL	999	400	1250	500

WEL = Workplace Exposure Limit

8.2. Exposure controls

Use barrier creams to prevent skin contact. Personal protective equipment:

Respiratory protection: not relevant

Hand protection: Protective gloves according to EN 374. A list of suitable brands with detailed information concerning wearing times is available on request.

B 22 S

Eye protection: Protective glasses/face protection

9. Physical and chemical properties

9.1. Important information on physical and chemical properties

Aggregate state:	Liquid
Colour:	blue
Odour:	slight odour of alcohol
pH value (20°C):	not determined
Boiling point (°C):	not determined
Flash point (°C):	not applicable
Boiling point/melting temperature range (°C)	not determined
Explosive properties:	no danger of explosion
Oxidising properties:	not determined
Vapour pressure:	not determined
Relative density (20°C) g/cm ³	1.0
Water solubility (20°C):	soluble in all proportions
Solubility:	not determined
Partition coefficient: n-octanol/water:	not determined
Viscosity (20°C) mPa s:	not determined
Vapour density:	not determined
Evaporation rate:	not determined

9.2. Other information

Further physical and chemical property data has not been determined.

10. Stability and reactivity

10.1. Reactivity

The product is chemically stable under normal ambient conditions.

10.2. Chemical stability

The product is chemically stable under normal ambient conditions.

10.3. Possibility of hazardous reactions

The product is chemically stable under normal ambient conditions (room temperature).

10.4. Conditions to avoid

Avoid excessive heat for prolonged periods of time.

10.5. Incompatible materials

none known

10.6. Hazardous decomposition products

Fire creates: Carbon monoxide (CO), Carbon dioxide (CO₂).

11. Toxicological information

11.1. Toxicokinetics, metabolism and distribution

The toxicology of this product has not been examined. Due to its composition, the product has been classified as not toxic in category 2 according to 1999/45/EC. Potentially toxic ingredients have been noted in category 3.

Acute toxicity

Acute toxicity of the ingredients in their relevant concentrations: see section 3.

Irritation, caustic effect, sensitisation

Product classification according to 1999/45/EC: see section 2.

B 22 S

Toxicity upon repeated contact

No data available.

Carcinogenicity, mutagenicity, reproductive toxicity

The concentration of product ingredients with carcinogenic, mutagenic and/or reproductively toxic characteristics is negligible.

12. Ecological information

12.1. Toxicity

no data available. Not regarded as dangerous for the environment.

12.2. Persistence and degradability

All of the organic ingredients contained in the product comply with the test criteria stipulated by OECD 302 B and the values stipulated in the EC Regulation on Detergents 648/2004 for complete biodegradability.

12.3. Bioaccumulative potential

The concentration of product ingredients with bioaccumulative potential is negligible.

12.4. Mobility in soil

No data available.

12.5. Results of PBT and vPvB assessment

See section 2.3.

12.6. Other adverse effects

An ecological certificate containing detailed information regarding the product's environmental compatibility is available on request.

13. Disposal considerations

13.1. Waste treatment methods

Product residues: Destruction (incineration) of product residues by an authorised specialist disposal company, as required by regulations.

Untreated packaging: Contaminated packaging made of HDPE must be emptied as far as possible and then sealed; it can then be put into a recycling system or landfill or can be incinerated.

Local regulations must be observed

14. Transport information

Not classified.

14.1. UN number:

N/A

14.2. Proper UN shipping name:

ADR/RID

N/A

IMDG-Code / ICAO T. I. / IATA DGR

N/A

14.3. Dangerous goods class:

N/A

Safety Data Sheet

according to regulation (EU) No. 453/2010, annex I

winterhalter

B 22 S

14.4 Packaging group:

N/A

14.5 Environmental hazards

ADR / RID / IMDG-Code / ICAO T. I. / IATA DGR:

N/A

14.6. Special precautions for the shipper:

N/A

14.7 Bulk goods transport according to annex II of the MARPOL convention 73/78 and according to IBC code:

The product is not intended to be transported as bulk cargo.

15. Regulatory information

15.1 Safety, health and environmental regulations, specific

Regulatory information for the mixture

The product is an aqueous preparation and contains < 30% organic solvents (VOC) according to 1999/13/EC

Ingredients (acc. to 648/2004/EC)

National regulations: M/A

15.2. Chemical safety assessment

The product was not subjected to a chemical safety assessment according to 1907/2006/EC, annex I.

16. Other information

Full text of R-phrases mentioned in section 3

R 11	Highly flammable.
R 36/38	Irritating to eyes and skin.
R 36	Irritating to eyes.
R 67	Vapours may cause drowsiness and dizziness.

Full text of hazard statements mentioned in section 3

H 225	Highly flammable liquid and vapour.
H 315	Causes skin irritation.
H 319	Causes serious eye irritation
H 336	May cause drowsiness or dizziness.

The source data used to create the safety data sheet can be found in the preliminary supplier's safety data sheets.

The above information is given to the best of our knowledge and on the basis of experience to date. It is intended to describe our product with regard to possible occupational or environmental safety requirements, but does not constitute an assurance of specific quality characteristics.

Safety Data Sheet

according to regulation (EU) No. 453/2010, annex I
