

Supermop

The hygienic alternative to traditional cotton mops

The heavy duty version of the UK's Number 1 selling mop

The hygienic alternative to conventional cotton mops, scientifically proven* to inhibit bacteria growth. Ideal for spot mopping and all small area cleaning, including bars, washrooms etc. The non-woven strands are highly absorbent and easier to wring out leaving floors dryer than conventional cotton mops.

*Leeds metropolitan university

Hygienic

- The non woven material is sealed using an antibacterial binding agent which prevents germs from multiplying
- Heads are long lasting and machine washable at 90C
- Colour coded to prevent cross contamination
- High absorbency and excellent dirt release

Durable and ergonomic

- The Supermop head releases dirt when rinsed rather than trapping it in the weave like cotton mops
- Non woven stranded head will not shed fibres or unravel
- Strong, lightweight bucket is highly portable and easy to store
- The long handle is comfortable to use and easy to clean
